

HEALTH TIMELINE

A vertical timeline template for health tracking. A central vertical line with circular markers at each entry point serves as the spine. On the left side, there are five entries, each consisting of a colored horizontal bar above a white rectangular box. The bars alternate in color: light green, light brown, light green, light brown, and light green from top to bottom. On the right side, there are five entries, each consisting of a white rectangular box above a colored horizontal bar. The bars alternate in color: light green, light brown, light green, light brown, and light green from top to bottom.
